## A Message From the President

### The Election, and then What?

Today's election features State Issues 1 and 2, which have generated much discussion, particularly Issue 2. A frequent comment about the drug-pricing proposal is that it is confusing.

As is so common these days, proponents and opponents have made serious claims about the benefits and shortcomings if passed, and it's hard to know what is factual and accurate without being a healthcare financing and legal expert. It has put the problem of high prescription drugs on the front burner again and resulted in highly emotional discussion and debate. Whether Issue 2 will help remedy the problem remains to be seen if the Issue passes.

Once the elections are over, we need to increase our efforts on the Fair Districts campaign. It's easy to feel an energy lag after the amazing results in the first few months of signature gathering. Now about halfway to the goal, we have winter to contend with and less accessibility to voters that in the summer months of so much outdoor activity. We must push ahead even as the State's working group, composed of two republicans and two democrats, strives to come up with a redistricting plan by May that is acceptable.

Redistricting reform may also be affected by the outcome of the Wisconsin extreme-gerrymandering case that was heard by the US Supreme Court in October. A decision is

not expected until June 2018, right before the due date for having 305,590 valid voter signatures submitted to the State. Again, we can't bank on a favorable outcome to solve the gerrymandering problem in Ohio.

The League's impressive track record so far leaves no doubt in my mind that the Issue will qualify for the November 2018 ballot. The level of enthusiasm and commitment to reach that goal is a great example of democracy in action and has galvanized thousands of people to work together. We can look forward to an exciting new year with redistricting reform and the mid-term elections!

Acme Cash Back Time!

Submitted by Janice Jacobs

Once again this year the fine folks at Acme Fresh Market are supporting the Community Cash Back program. This year the qualifying dates are: August 10, 2017 through December 31, 2017.

To get the full scoop you can go to the [Acme Website](#) which explains that we receive 5% on eligible purchases and also outlines what items qualify as eligible. Acme brand items and many others are shown.

At the end of each register tape, during the period shown above, the Community Cash Back amount is totaled. Just send those Acme tapes to me and I'll do the rest: Janice Jacobs, PO Box 26, Cuyahoga Falls, OH 44222-0026

This has been a small but consistent fundraiser for League since 2002, and is easy!
